

# Ecolce series WATER TREATMENT

FOR ALL COMMERCIAL ICE MAKERS

SYSTEMS IV®

The new Ecolce series incorporate advanced water treatment technology and is manufactured with completely environmentally friendly components. The Ecolce series will provide superior filtration to remove particulates and eliminate the effects of hard water scale in all commercial ice makers.

Systems IV is the industry leader in providing built in pre-filtration to all of our systems as well as controlling scale with our patented blend called Citryne\*. The Ecolce series is a complete system without the need to add additional pre-filtration or scale control.

## BENEFITS

- Carbon based filtration
- Scale elimination with the power of Citryne • Over 27ft. of filtration
- Boosts ice maker production to full capacity • Reduce ice maker service costs
- 30 second cartridge change-out
- 5 micron filtration
- Polyphosphate for added scale control • **Available on AutoQuotes**

	Description	Flow Rate	Fittings
<b>Ecolce 600</b>	Ice makers up to 600 lbs.	3.9 GPM	1/2" FPT
<b>Ecolce 1300</b>	Ice makers up to 1,300 lbs.	5.5 GPM	1/2" FPT
<b>Ecolce 2500</b>	Ice makers up to 2500 lbs.	7.0 GPM	1/2" FPT
